MD FARZAN AKHTAR

Frontend MERN Developer

New Delhi, India | +91 8900406038 | mdfarzan78@gmail.com | LinkedIn: https://linkedin.com/md-farzan-akhtar | GitHub: github.com/codewithfarzu | Portfolio: https://mdfarzan.vercel.app/

Summary

- A Frontend Developer with hands-on experience building responsive and performance-optimized web applications, creating components to enhance user experience.
- A strong understanding of JavaScript, HTML, Semantic HTML, CSS, and front-end languages.
- Foundational knowledge of React tools such as React.js, Next.js, TypeScript, Redux Toolkit, Context API, Hooks, REST APIs, JSX, and DOM manipulation.
- Completed a 2-month frontend internship at Trade4Asia Pvt. Ltd., contributing to scalable UI components in a collaborative team environment.
- An understanding of UI libraries such as Tailwind CSS and cross-browser responsive design.
- Currently expanding into full-stack development with Node.js, Express.js, and MongoDB.

Experience

Front-end Web Developer Trade4Asia Pvt. Ltd. (Internship)

Jan 2026 – March 2026

Noida, Uttar Pradesh, India

- Built responsive UI components across 5+ webpages using HTML, CSS, JavaScript, and Bootstrap, ensuring consistent rendering across Chrome, Firefox, and Edge.
- Collaborated with a 2-member cross-functional team of developers and designers to deliver frontend features within sprint deadlines.
- Optimized page layouts for 3 major screen sizes (mobile, tablet, and desktop) to ensure a consistent user experience, reducing layout inconsistencies across multiple device sizes.
- Used VS Code, Git, and GitHub to develop and maintain 5+ responsive webpages.

Working with JavaScript technology, I completed the following client base projects:

→ Divyanshi Enterprises **:** Based on a business website for a communication & security systems company (HTML, CSS, JavaScript, Responsive Design)

Role: Developed 10+ responsive webpages as part of a two-member team, including product listings, project gallery, contact forms, and service pages.

→ Lustre Illumination **:** Based on a business website for an ISO-certified LED lighting manufacturer (HTML, CSS, JavaScript, Responsive Design)

Role: Delivered 12+ responsive webpages for an ISO-certified LED manufacturer, improving navigation and mobile responsiveness across the entire website.

Projects

Hotel Room Booking Website**:** *(Live Demo)*

Built a full-stack hotel booking platform with authentication, room management, and booking system (React, TypeScript, Node.js, Express, MongoDB)

Role: Designed and implemented a full-stack hotel booking application featuring 5+ core modules, including authentication, room management, booking, user dashboard, and REST APIs.

E-Commerce Groceries Store: *(Live Demo)*

Based on E-commerce-style storefront featuring product listing (React.Js, Next.Js)

Role: Built an e-commerce application with 4+ reusable React components, responsive layouts, and PostgreSQL integration.

Current Weather App: *(Live Demo)*

Based on user location and search input real-time weather app (HTML, CSS, JavaScript, REST API Integration)

Role: Created a complete weather application frontend interface by integrating 1 third-party weather API to display real-time weather data with dynamic UI updates.

CRUD App: *(Live Demo)*

Based on a practice project consuming REST API data and database. (React.js)

Role: Constructed 2+ reusable React components with dynamic routing and CRUD operations using REST APIs.

Hard Skills

React.js, Next.js, JavaScript (ES6+), TypeScript, HTML5, CSS3, Tailwind CSS, Bootstrap, Redux Toolkit, REST APIs, Node.js, Express.js, MongoDB, Git, GitHub, VS Code, npm, Vercel, Netlify, Responsive Web Design, Cross-Browser Compatibility, UI/UX Implementation, Performance Optimization

Soft Skills

→ Collaboration
→ Analytical
→ Thinking
→ Continuous Learning
→ Time Management
→ Adaptability

Education

Bachelor of Arts (B.A.) — Maulana Azad National Urdu University | *2023 – 2026*
Diploma in Computer Science & Technology — Santiniketan Polytechnic College | *2019 – 2022*
Higher Secondary (Class XII) — Rahmania Higher Secondary School **|** *2017 – 2019*
Secondary (Class X) — Danishgah Islamia High School | Completed in *2017*

Certifications

- Frontend Developer (MERN) — Tech Altum, Noida
- Diploma in Computer Science & Technology — Santiniketan Polytechnic College, West Bengal

Language

Hindi, English
